Broward Not Pledged.

Tampa Times.)
Lakeland, Fla., Dec. 19, 1907.
To the Editor of the Times:
Desiring that no injustice be done any one, and knowing that you are a man of such high character as to not intentionally do any man a wrong, I am constrained to respectfully answer your editorial in the Times of December 18, where you ask, "If Governor Broward was pledged to me for the United States senate and afterwards withdrew, and undertook to secure the election of Bryan, it being freely asserted that this was the case," by saying that as far as Governor Broward ever being pledged to me or making any promise that he would support me, he never at any time did so, and I have never intimated that there was any promise of support on his part; therefore, there has been no promise or pledge broken, as none ever existed. This explanation is made through a spirit of fairness, and not with a desire to impugn the motives of any man, from rumor, may have honestly told as your editorial indicated.
Respectfully,
PARK TRAMMELL.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 73 worms. Sold by Suwannee Drug Co.

Danger in Asking Advice

When you have a cough or cold, do not ask some one what is good for it, as there is danger in taking some unknown preparation. Foley's Honey and Tar cures coughs, colds, and prevents pneumonia. The genuine is in a yellow package. Refuse imitations. Suwannee Drug Co. dec-dw

NEGRO KILLED CADET.

Was Drunk and Shot Without Provocation—Captured and In Jail.

Baton Rouge, La., Dec. 22.—Robert Wesson, a negro of West Feliciana parish, was brought to Baton Rouge today and placed in the state penitentiary for safe keeping, charged with shooting up a passenger train on the Yazoo and Mississippi Valley Railroad.

As a result of Wesson's wild rampage, Adonis K. Wridert, a young cadet at the Louisiana State University, is dead at his home at Bayou Sara, La., and the coaches of the train also bear witness to the reckless shooting of the negro.

The shooting occurred during the night. Wesson, who says he was drinking at the time and did not know what he was doing, got off of the train at Powell's Station, about five miles from Bayou Sara. Drawing a heavy caliber revolver, he began to fire into the train. One of the bullets crashed through a window and wounded young Wridert in the neck. He died shortly after the train arrived at Bayou Sara. He was the son of Alderman Wridert of Bayou Sara and was on his way home for the Christmas holidays.

A posse which started in search of Wesson had little difficulty in arresting him. Owing to the danger of his being lynched, he was brought here by the officers.

NOTICE.

Notice is hereby given that after due and legal publication hereof, the undersigned will apply to the Honorable J. N. Conner, County Judge in and for Suwannee county, Florida, for an order having her dower set aside as widow of L. A. Osteen, deceased, late of said county of Suwannee, allotted to her out of the following described lands, to-wit: East half of Section fifteen (15) in Township five (5) south of Range fifteen (15) east, containing three hundred acres, more or less; of which the said L. A. Osteen was seized in fee simple at the time of his death.
dec6-4t E. C. OSTEE.

Women always look at a complexion through a magnifying glass.

Col. Roberson May Be a Candidate.

Since rumor has it that our townsman, Col. L. E. Roberson, will be a candidate for representative from Suwannee county in the next Legislature, the Democrat has this from him in regard to the truth of the rumor, and as to the announcement of his candidacy:

"It is true that a goodly number of the most respectable citizens, coming from all localities of Suwannee county have signified their desire for me to be a candidate and have offered me their support. Those who have spoken to me with reference to it, have assured me that they believe that if I am a candidate, I will be successful at the polls, and while I would not be a candidate without being reasonably certain that I would win, yet although so assured, I would not enter upon a campaign for any office whatever, in which there are to be charges of crimination and recrimination, "mud-slinging," etc., neither would I undertake the debauchery of voters with the use of money or whiskey, such as sometimes characterize primary campaigns.

If, after a careful looking over of the situation, it appears to me that there will be a campaign upon a high plan, each candidate standing upon his own merits, and the voters are to be left to cast their ballots with the best interest of the County as their guide, and that I can be of service to my fellow citizens as a legislator, and am reasonably sure of election by high toned and honorable methods, it is probable that I will be such a candidate; on the contrary, if there is to be an unseemingly scramble in the primary, I am not to be considered as in the race, and even if I should enter it, and it should afterwards develop into a "mud-slinging" scramble, I would then withdraw. I will add that I do not believe there will be such a campaign as this, but make mention of it because these methods have obtained at some times and in some localities. If the people desire my services in the capacity of a representative, and signify such desire, it will give me pleasure to serve them.

When I reach a conclusion, I will announce my candidacy, if I do decide and will also submit my views

in form of a platform of principles, and will be pleased to go before the people and discuss them."

Col. Roberson is well and favorably known to the people of Suwannee county, he having lived and served among them for a good many years. In the practice of his profession he has won for himself distinction as an able lawyer, and as a citizen his course of conduct has been such as to merit the respect and confidence of all who know him. He is pronounced on his convictions of what he believes to be right, and no doubt he is as well equipped in his knowledge of affairs in general, and of the legislative needs of our county and state, as any man among us, and if he decides to make the race, and is successful at the polls, he will make a good, safe representative.

How Diphtheria Is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.
